DETAILED ACTION

Election/Restrictions

1. Applicant's election of Group II, claims 12-20 in the reply filed on 10/8/04 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 12-20 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claim 12, lines 3-7, the limitations about the pegboard are not in the specification.
4. No art rejections have been applied to claims 12-10, since there are great deal of confusion and uncertainty as tot proper interpretations of claims. Therefore, it would not be proper to reject such claims on the basis of prior art. See MPEP 2173.06
